Mr. Delbert Rysdam
Elgin
Oregon

Dear Mr. Rysdam:

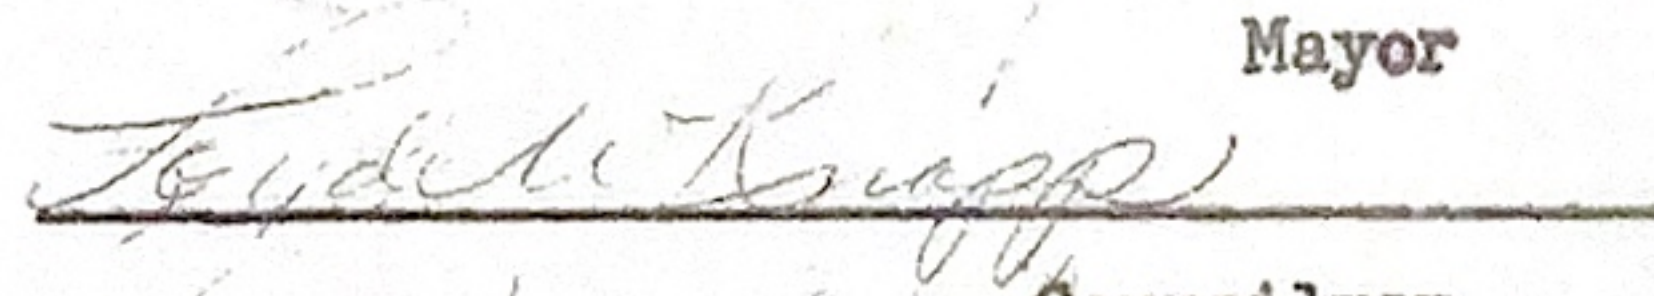

Regarding the metal-sided structure at 1275 Birch Street, between 12th and 14th streets, to alter or expend money on this building beyond fifty percent of its original cost would be in violation of our City Zoning Ordinance No. 11, Series 1963.

Therefore the City Council of the City of Elgin enjoins you from repairing this building for a non-conforming use in this residential zone.

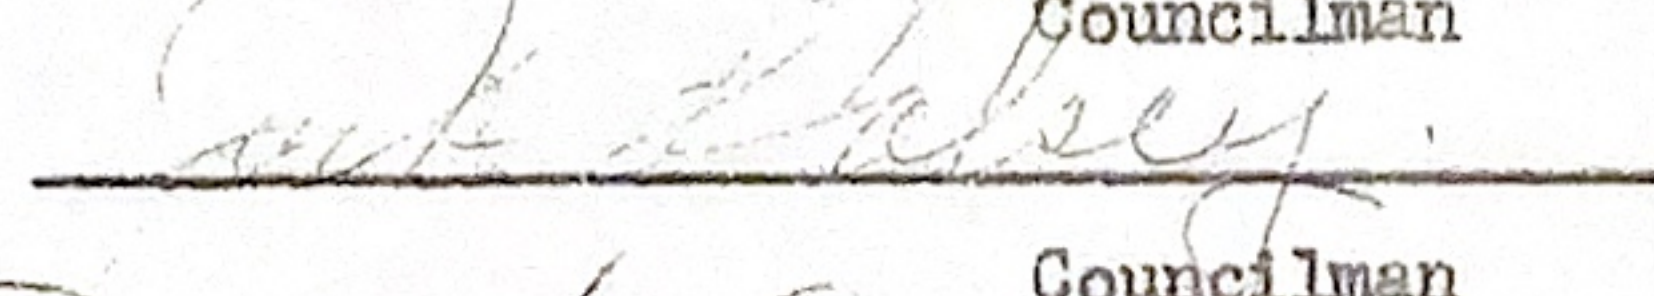

Yours truly,

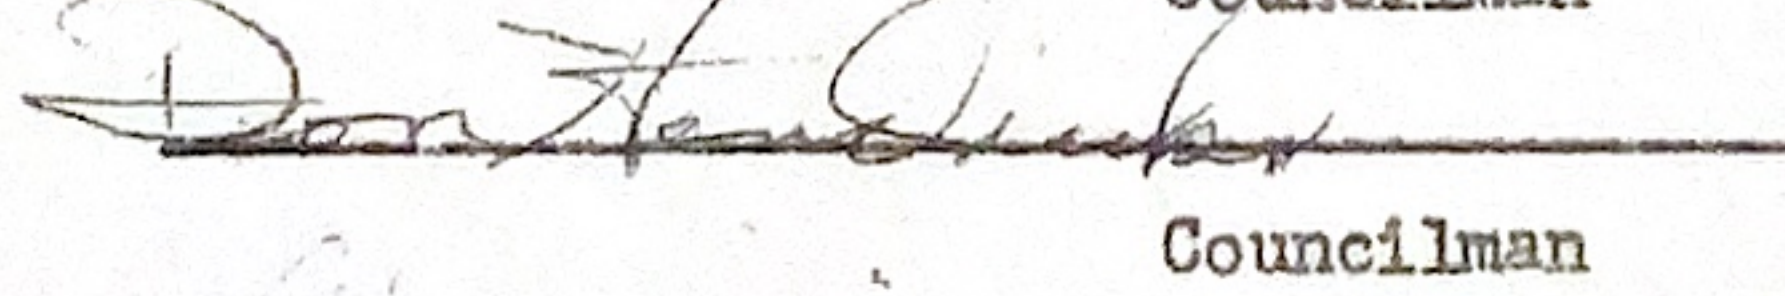

Mayor
